Australia	The Great Barrier Reef is in Australia The first people to live in Australia were Aboriginal people. Kangaroos, koalas, and emus live in Australia.

Amazing Adventures Around the World! – Geography –

5 Oceans

5 Oceans (In order of size)	Facts
Pacific Ocean	This is the biggest ocean in the world. It is 1 ocean (not 2 separate ones). It is the largest and deepest. It borders Asia on one side and North and South America on the other.
Atlantic Ocean	The Atlantic Ocean is huge but only half the size of the Pacific. The Atlantic Ocean borders some of the UK
Indian Ocean	It is named after the country India.
Southern Ocean	It is also known as the Antarctic Ocean as it surrounds Antarctica. We can remember this ocean if we think of our compass points -N,S,E AND W as this is in the South (S)
Arctic Ocean	This Ocean surrounds the Arctic. It is often completely covered in ice. Polar bears live on the ice that covers the ocean. Due to climate change, the Arctic Ocean is getting smaller every year.
