

Hi Year 5,

Have a look at the Year 5/6 spelling list that we must know by the end of the year.

Choose 10 words that you would like to focus on.

Find the meaning of each spelling word and then try to write it in an exciting sentence to show its meaning. Remember the different sentence types we have been learning about. I have included the cards, which we use in class, on the remote learning page to help you.

From Mrs Oldfield
